PROFESSIONAL SUMMARY

MERN Stack Developer experienced in building and deploying production-ready web applications with secure authentication, admin dashboards, and REST APIs. Developed a full-stack e-commerce platform and event management system handling real-world CRUD operations, role-based access, and cloud deployment.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, GSAP, Responsive UI, Context API

Backend: Node.js, Express.js, REST APIs, Middleware, MVC Architecture, Error Handling, CORS Configuration

Database: MongoDB Atlas, Mongoose

Authentication: JWT, Firebase Authentication, Role-Based Access Control, OTP Verification

Tools & Testing: Git, GitHub, Postman, Axios, Cloudinary, Vercel, Render, Environment Variables (.env)

Core Concepts: CRUD Systems, API Security, Deployment, State Management

PROJECTS

E-Commerce Admin Dashboard & Store (MERN Stack)

GitHub: <https://github.com/Ala111205/Minikart> | Live: <https://minikart-pearl.vercel.app/>

- Built full-stack laptop e-commerce platform with admin dashboard, product and order management
- Developed 25+ REST APIs for products, users, orders, and authentication
- Implemented JWT auth, protected routes, and role-based access
- Integrated Cloudinary for image uploads, configured CORS and environment variables (.env), and tested APIs using Postman before production deployment

Sports Buddy – Event Management Platform (MERN + Firebase)

GitHub: <https://github.com/Ala111205/Sports-Buddy> | Live: <https://sports-buddy-psi.vercel.app/>

- Created event booking system with admin CRUD and user access
- Implemented Firebase authentication and backend route protection
- Designed responsive React frontend with API integration

Interactive Map Explorer | JavaScript + Leaflet

GitHub: <https://ala111205.github.io/Interactive-Map/>

- Built interactive map with markers, search filters, and geolocation API
 - Added real-time filtering and dynamic UI updates
-

EXPERIENCE

Full-Stack Web Development Intern – Unified Mentor (6 Months)

- Built and deployed 3+ full-stack MERN applications from scratch
 - Designed and tested REST APIs using Express and MongoDB
 - Implemented authentication, middleware security, and centralized error handling
 - Developed reusable React components and integrated backend services
-

EDUCATION

B.Sc Aviation

Fighter Wings Aviation College | 2020 – 2023 | 73.9%

LANGUAGES

English, Tamil
